Right This Very Minute

Science

For people to have food to eat, farmers grow plants (crops) and raise animals (livestock) on their farm. **Look** at the pictures below.

Decide if each item comes from a plant (crop) or an animal (livestock).

From a PLANT (crop)	From an ANIMAL (livestock)

Cut and paste the item in the correct column.

 carrot	 hamburger	 orange juice	 milk
 cheese	 apple	 potato	 egg
