

## Right This Very Minute

## Science

For people to have food to eat, farmers grow crops (plants) and raise livestock (animals) on their farm. Farmers need tools or equipment to do their work.

**Look** at the list of items below.

**Decide** if each item comes from crop (plant) or livestock (animal). Some items are tools or pieces of equipment a farmer uses.

**Write** the item in the correct column.

eggs	bucket	syrup	apples
tractor	cranberries	rake	boxes
hamburger	thermometer	lettuce	soil sensor
strawberries	cow	truck	potatoes
shovel	carrot	oranges	cheese

From a <b>CROP</b> (plant)	From an <b>ANIMAL</b>	<b>TOOL</b> or <b>EQUIPMENT</b>
strawberries	eggs	tractor
cranberries	hamburger	shovel
carrot	milk	bucket
syrup	cheese	thermometer
lettuce		rake
oranges		truck
apples		soil sensor
potatoes
